From the above it will be seen that Memphis will play 52 games at home and 56 games abroad. There is a skip from June 12th to August 5th, during which period the lovers of baseball will have to content themselves with reading the printed accounts of coneats going on eisewhere. There was no interval of so great a length season, and it is questionable whether the plan of playing all the games at once, or in two series, is preferable to that of taking more frequent trips.

Sporting Notes, Nashville has signed Dundon. Charleston has released W. Laverty. "Piucky" Chattapooga has signed S.

The Sam Brown stable at Louisville numbers nineteen. C. H. Morton and Will C. Ryan are good managers. ATLANTA will make dates with the

D. Kent.

Philadelphia League team. "BLONDY" PURCELL, Atlanta's manager, is called the home-run hitter. Gabe Caldwell has added Chantilly to the string in his training charge. AUTHORITIES think Sullian of last year's Atlantas is the best pitcher now unsigned.

The Christy string shortly leaves New Orleans for Memphis and then goes East. West, Col. Sam Brown's jockey, was injured in a runaway at Louisville

last week. PRESIDENT PROUDERT has appointed McQuade as one of the umpires. Greer, Bremen and Bowers will doubtless be appointed.

THE INMAN PARTY

SHOWN THE SIGHTS OF THE BLUFF CITY.

St. Louis and Her Ambition to Become a Colton Mart-General Notes.

The Inman party was driven about the city yesterday in carriages, attended by President Hadden, Mesers. J. T. Fargason, J. C. Neely, R. D. Frayser, T. H. Hartmus, James Lee, jr., M. Burke and W. J. Crawford. They visited the elevator, compresses, oil mills, Cotton Exchange, and drove out Adams and other residence streets, winding up at the Chesapeake, Ohio and Southwestern railroad, where the Inman private car was in waiting, having been attached to the regular train. Amidst the popping of corks and tinkling of glasses which preceded the signal for departure the entlemen indulged in speculations about the luture of the South and of Memphis in particular, drinking a closing cup to the success of the project for building a bridge over the river at this point.

Unbappy St. Louis.

The recent meeting of the presi-dents of trunk lines. North and East, held in New York, has resulted in discomfiture to St. Louis, which city aspires to become a cotton center. The people of St. Louis claim that the presidents of Eastern railroads do everything possible to layor their great rival, Chicago. Re'at've to this question a meeting was held in St. Louis on Saturday last, during which was submitted the request of certain cotton factors to have rates on compressed cotton from East St. Lous to New England and Atlantic coast points adjusted to the recent reduc-tion by water lines from New Otleans. The question engaged the attention of the committee for quite a while, and was firely decided that no reduction could be made in justice to the rail-

Pensacola and Memphis, The Pensacola and Memphis railroad, when completed, will be one of the most feasible on this continent; its cars will run within eight feet from the decks of the ships, and at their wharves is the deepest water on the gulf. The harbor of Pensacela is deep, safe, roomy, and perfectly landlacked.

A Mobile paper says: As stated a few days ago, Mr. S. N. Van Prasg, the efficient secretary and auditor of the Pensacola and Memphia railroad, has returned to our city, after an absence of five weeks in Jackson, where he succeeded in obtaining a good charter for this road. The Pensacola and Memphis railroad has now charters from all the States needed-Florids, Alabams and Mississippi-which were all obtained through Mr. Van Prasg's incessant labor. South of Meridian the survey has been partly made, and as soon as organized in this State the entire survey and location will be made.

AMUSEMENTS. Crosby's Dime Museum. In spite of strong counter-attractions there has been a very fair attendance during the week. To-night closes the type-setters' tournament and will show who is the champion of Tennessee. The contest will be decided and the result announced at 9:30 o'clock p.m. At 10 o'clock this morning the usual children's matinee will be given. At the afternoon performance John and Will Emory will give from 1 o'clock till 1:30 a grand piano duet. The night performance will close the entertainments of Miss Gertie Plath, Miss Annie Bell, Miss Eva Handright, Miss Carrie Akers, La Mondue, the slack-wire walker; Haywood and Moore, song and dance sketchists; Gus and Willie Peters and that curious freak of nature, the corkscrew-ram's horned buffalo-burro.

Jantab. The engagement of Janish, the sale for which opens at Mulford's to-day, promises to be very successful. The New Orleans Picayone, where the com-pany is now engaged, says: Like most thoroughly French plays, Audren is replete with telling situations, and through it all a vein of fine comedy. The fourth act is the climax of the play! Here the wronged wife endeavors by her powers of persuasic to keep her husband from dishonoring both himself and her. Since the days of Rachel there has been no such lovemaking on the stage; beside it even the artistic efforts of Emma Abbott seem stilted and overdrawn. It was love-making in absolute perfection of tone, word and gesture, and a most consummate piece of acting. The writer saw Madame Janish on the oc casion of her doont in New York, when people stood upon the seats of the theater and cheered themselves hoarse. Since then her American tour has been a succession of triumphs. Last night the audience was composed of the very elite of the city, and the fact that Madame Janish was recalled four times after the fourth act may be some criterion as to her merit.

HOLSTEIN CATTLE. The Result of the Continued Sales at the Stock Yards.

The sale of Holstein eattle was continued at the Stock Yards Thurday, resulting in disposing of the balance the animals remaining in the yards Four heifers two years old sold for \$725; two young bulls, \$275; thirty calves, \$2045. This concludes the sale of the 199 head imported by Messrs. Archibald & Co. in August last.

Advice to Mothers. Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhosa, whether arising from teething or other causes. Twenty-five a bottle.

A Druggist's Story. Mr. Isaac C. Chapman, druggist, Newburg, N. Y., writes us: "I have for the past ten years sold several gross of Dr. William Hall's Balsava for the Lungs. I can say of it what I cannot say of any other medicine, I have never heard a customer speak of it but to praise its virtues in the highest manner. I have recommended it in a great many cases of whooping cough, with the happiest effects. I have used it in my own family for many years; in fact, always have a bottle in the medicine closet ready for

use.' John L. Sneed, the manager of the Memphie team, is related to Gen. John THE CONTEST

Of the Types for the Medal-Van Bibber Still Leading.

The type-setting tournament is growing more interesting as it reaches the climax. The afternoon session yesterday produced the following record:

Naser. Van Bibber. Mayfield..... rake There seems to be no doubt at all

now of Van Bibber being the champion, as with each session he is guining on his record. Maybeld climbed to second place, and believes that if the contest lasted longer he could defeat Drake.

consumption, and the doctors were all agreed in their opinion that I had consumption also. I had all the distressing symptoms of that terrible disease. I have sepent thousands of dollars to arrest the march of this disease; I have employed all of the usual methods, not only in my own case, but in the treatment of other members of my family, but temporary relief was all that I obtained. I was unit for any manual abor for several years. By chancel came into possession of a pamphlet on "Blood and Skin Diseases," from the office of Switt Specific Co., Atlanta, Ga., A friend recommended the use of Swift's Specific, claiming that he himself had been greatly benefited by its use in some lung troubles. I resolved to try it. About four years and I commenced to take S. S. S. according to directions. I found it an invigorating bonic, and have used about fifty bottles. The results are used remarkable. My cough has left me, my strength has returned, and I weigh sixty pounds more than I ever did in my life. I has been three years since I stooped the use of the medicine, but I have had no return of the disease, and there are no pains or weakness felt is my lungs. I ac the hardest kind of mechanical work, and feel as well as I ever felt since I was a boy. T. e.e., I know, are wonderful statements to nake, but I am honest when I say that I owe my existence and bealth to-day to Swift's Specific. It is the only medicine that brought me any permanent relief. I do not say that Swift's Specific will do this in everyense, but mach for me, and I would be recent to the wond permanent relief.
